LTI Technology Solutions Donates To Local Women’s Center for Advancement

OMAHA, NE, (Dec 18, 2024) – LTI Technology Solutions (LTI), a pioneer in equipment finance software with 35 years of industry innovation, is proud to announce a \$3,700 donation to Women’s Center for Advancement (WCA) a leading Omaha-based non-profit supporting survivors of domestic violence, sexual assault, stalking, and human trafficking.

Each year, LTI selects charitable organizations to give back to as part of its commitment to community support. In 2024, LTI selected WCA as a beneficiary. Employees had the option to contribute monetary donations to Omaha’s local Women’s Domestic Shelter or purchase specific requested items to support survivors and their families. Together, LTI employees raised over \$1,800 and LTI matched that amount, bringing the total contribution to over \$3,700.

The WCA provides critical, free, high-quality services that address survivors’ immediate safety needs while empowering them to achieve long-term independence and self-sufficiency. Their services offer a lifeline for individuals and families rebuilding their lives with dignity, safety, and hope.

Jeff Van Slyke, CEO and President of LTI shared his thoughts on the initiative: “Giving back to our community is deeply rooted in LTI’s core values. I am incredibly proud of how our employees came together to support the Women’s Center for Advancement, both locally and nationally. Through their contributions, we are helping to make a tangible difference in the lives of survivors of domestic violence, sexual assault and human trafficking. Matching their generosity is a privilege, and we are honored to support the WCA’s essential work, ensuring survivors have the resources and support needed to rebuild their lives.”

About LTI Technology Solutions

Celebrating 35 years of industry leadership in the equipment finance industry, LTI Technology Solutions is a global provider of customer-centric, cloud-native, full-lifecycle leasing and loan finance platforms. From its Omaha, NE headquarters, LTI serves equipment and asset finance companies, captives, small ticket, middle market, and independent banks throughout the U.S., UK, and Canada.
